

How To Setup 2FA For PC

The screenshot shows the Zimbra web interface. The top navigation bar includes 'Mail', 'Contacts', 'Calendar', 'Tasks', 'Briefcase', and 'Preferences'. The 'Preferences' tab is selected and highlighted with a red arrow and the word 'Click'. Below the navigation bar, there are buttons for 'Save', 'Cancel', and 'Undo Changes'. The left sidebar shows a list of preference categories: General, Accounts, Mail, Filters, Signatures, Out of Office, Trusted Addresses, Contacts, Calendar, Sharing, Notifications, Import / Export, Shortcuts, and Zimlets. The main content area is divided into sections: 'Sign in' (with 'Password' and 'Default Web App' options), 'Appearance' (with 'Theme', 'Font', 'Display Font Size', and 'Print Font Size' options), 'Time Zone and Language' (with 'Time Zone', 'Language', and 'Compose Direction' options), and 'Search' (with a 'Search Folders' checkbox). The 'Preferences' tab is highlighted with a red arrow and the word 'Click'.

Set up Two-step authentication

Two-step authentication adds additional security to your account by requiring not only your username and password, but also a code from your smart phone. This added level of security makes it much more difficult for your account to be compromised by an intruder.

Choose "Begin Setup" to configure your smart phone to generate a secure code. Once your phone is configured, you may choose to be prompted for a code each time you sign in, or you may choose to remember a device you trust.

Begin Setup
